- Hello, I am a 4th year Engineering student pursuing Electronics and Communication Engineering (ECE) at Vaagdevi College of Engineering. As an ambitious learner, I am actively looking to expand my professional network, explore career opportunities, and connect with like-minded individuals in the field.
- Throughout my academic journey, I have gained a solid foundation in core ECE subjects, including digital electronics, analog circuits, signal processing, communication systems, and more. I have also been exposed to practical hands-on experiences through various lab exercises and projects, which have enhanced my problem-solving and teamwork skills.
